Note

Govt — In letter No 11135-d
S&O
To the Govt (Please see
Dated Draft order marked
15(a)), the D Pl had recom
-mended that a sum of Rs
2316 be sanctioned, for
allowing new grants in aid
to certain schools that
applied for the same

The Mission Industrial
school at Kolar was one
of such schools and a
grant of Rs 100 per mensem
or Rs 1200 per annum
was recommended by the
D Pl in and thereof

When the State Fund
Budget Estimates of the Edn
Department for 1901-1902,
went up for the orders of the
2nd Govt with all the connect
-ed new proposals, the
item Rs 1200, on account
of grant to the Mission

Mission Industrial school
referred to above was reserved
for discussion in Council
while the grants recommended
for the other schools were
ordered to be included in the
Budget Estimates The latter
amount came up to Rs (2316-1200 = 1116)
By a slip of the pen, however,
the amount for the other schools
was put down as Rs 916, thus
leaving out of account Rs 200

Unfortunately this omission
was not found till now The item
Rs 1200 reserved for discussion
was sanctioned in council,
and the total amount included
on account of new grants in
the revised Budget Estimates
for 1901-1902 was accordingly
Rs 916 + 1200 = 2116

The total Budget Estimates
were finally passed for Rs 7,30,12
including a sum of the amount
of Rs 2,116 as aforesaid above

Since they cannot be
altered into Rs 7,30,425,
to make good the omission
of Rs 200, pointed out,
only Rs 1000, on account
of grant in aid for the
Mission Industrial school
at Nolet, & Rs 1116, the
full amount required for
the other schools are entered
in the Statement A appended
to the Draft order passing
the Budget Estimates for
1901-1902.

In the Draft order
marked 15(b), the Govt is
authorized to include the
full provision of Rs 1200,
the grant required for the
Mission Industrial school
in the Budget Estimates
for the next year

The month of July
is well nigh half over
and Rs 1000, may, if

(4) It is submitted be
expected to meet the requirements
on account of grant, of the
Mission Industrial school,
during the year 1901-1902

Submitted with the
Draft for approval

Thos
12/7/01

The better course
would be to have
the addl 200 Rs
out of general
savings the draft
is altered.

Had a duty to
misstate was not
discovered in time,
I have signed the
draft as altered.

No 2490 Encls 1 / 83 ~~Bangalore~~ 16th September 1898

From

H J BHABHA Esq,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore in the General and Revenue Deptt,

SIR

I have the honour to forward herewith letter dated 9th August 1898 bearing this office Register No 2031c/551 from Rev W H Hollister Superintendent Methodist Episcopal Mission Kolar, applying for a grant of Rs 350 a month in aid of the Technical School maintained in connection with the Kolar Orphanage I inspected the Technical School in the latter part of July last and found it well provided with labour-saving machinery and useful tools of American manufacture. The work turned out from the school is neat and moderately priced At present instruction is confined to pupils of the Kolar Orphanage or Native Christian

who were formerly pupils of the Orphanage - I have no doubt of a grant-in-aid is sanctioned and the school is opened to the public it will supply the want of a good industrial School for the Kolar District, and save Government the initial outlay in plant and machinery and half the cost of establishment Mr. Hollister who himself superintends the school is evidently well acquainted with carpentry, cabinet making and blacksmith's work He proposes to add to the present course of instruction free-hand and mechanical drawing, and carriage and cart making Under these circumstances I beg to recommend that Government will be pleased to sanction from the Local Funds General a monthly grant of Rs 275 or an annual grant of Rs 3,300 in aid of the School, for the period of one year tentatively from 1st November 1898

The grant is calculated as follows

	Rs
Scholarships to those who are not at present pupils of the Orphanage	
10 of 4 Rs	40
20 of 3 Rs	60
Half the cost of establishment	75
Part cost of European superintendence	100
Total Rs	275

The principal conditions of the grant will be that (1) an establishment of instructors

costing not less than Rs 150 a month shall be maintained, (2) the amount provided in the grant for scholarships shall be spent on the scholarships of such boys as are not at present pupils of the Orphanage, (3) the scholarships shall be awarded by a Local Committee of five members to be appointed by the Inspector General of which the Deputy Commissioner and the Superintendent of the Kolar Mission will be ex-officio members and (4) the amount of scholarships not utilised shall lapse to Government

2 I submit that the aid given to Industrial education in the Districts is a legitimate charge upon the Local Funds General which had an opening balance of Rs 5,66,055 in 1895–96

I have the honour to be,

Sir,

Your most obedient servant,

H P Bhabha
